# About

Eleganza e innovazione, tradizione e nuove sfide; storica firma del tessile, da oltre un secolo sinonimo di ricercatezza nello stile e preziosità del manufatto, Limonta firma la sua nuova collezione di carte da parati di design.

Novità importante è l'inserimento di motivi floreali e geometrici variantati **su basi metalliche oro e argento**, frutto di un'accurata ricerca dei migliori pigmenti disponibili che aggiungono una preziosità esclusiva alla collezione Pix-Art Chapter 1.

La collezione 2019 propone disegni d'ispirazione naturale di forte impatto cromatico e soggetti geografici/urbani di grande successo nella prima collezione, completando così in modo armonico le proposte 2018.

Elegance, innovation, tradition and challenges; Limonta, historic brand in the textile industry, symbol of fine quality and style for over a century, introduces its new collection of design wallpapers.

A relevant innovation is a set of patterns printed **on new metallic gold and silver bases**, end result of a deep research of "state of the art" pigments; this development adds an exclusive preciousness to Pix-Art Chapter 1.

2019 collection presents mostly nature inspired patterns with strong chromatic impact and geographic/urban patterns very successful in the first collection. Thanks to that, Pix-Art now covers a wide range of styles.

# Basi

## Bases

### Spalmato vinilico su base tessuto non tessuto

Coated vinyl on  
Nonwoven fabric base.

Grammatura  
Grammage  
350 gr/mq  
350 grs/smq

Larghezza rotoli  
Rolls width  
67 cm / 26.4 in.

Lavabile  
Washable

Resistenza alla luce  
Light resistant

Resistenza al fuoco  
Fire resistant

Resistenza all'impatto  
Shock-proof

Pelabile  
Peelable

Colla da applicare al muro  
Wall paste

### Base tessuto non tessuto

Nonwoven fabric base

Grammatura  
Grammage  
147 gr/mq  
147 grs/smq

Larghezza rotoli  
Rolls width  
67 cm / 26.4 in.

Lavabile  
Washable

Resistenza alla luce  
Light resistant

Resistenza al fuoco  
Fire resistant

Resistenza all'impatto  
Shock-proof

Rimovibile a secco  
Dry-strippable

Colla da applicare al muro  
Wall paste

# Informazioni tecniche

## Technical features

Ogni disegno è realizzabile su vinilico goffrato "tela" su base TNT (codice A), vinilico goffrato "sabbia" su base TNT (codice B) e su TNT puro (codice Q).

Tutte le grafiche sono adattabili per proporzioni e misure alle dimensioni delle pareti.

I colori delle foto rappresentate nel book sono stati attentamente calibrati per essere quanto più vicini al prodotto finale; tuttavia è possibile che ci possano essere lievi differenze cromatiche.

Limonta si riserva di apportare senza preavviso modifiche migliorative ai materiali ed alle finiture rispetto a quanto presentato nel catalogo.

### Consigli di posa

- La parete dev'essere pulita, asciutta e liscia. Togliere parati e colori eventualmente presenti.
- Qualora il fondo fosse ruvido dev'essere preventivamente stuccato e liscio.
- Con un filo a piombo ed una matita segnare una linea dal soffitto al pavimento come guida per il posizionamento del primo telo.
- Sugeriamo di usare la nostra colla LWC POWDER MIX. Incollare direttamente la parete e posizionare i teli seguendo l'ordine di numerazione e le indicazioni dello schema di montaggio incluso nella confezione.
- Curare con attenzione l'accostamento dei teli ed eliminare le eventuali bolle d'aria con una spatola in plastica. Al termine ripassare le giunte con un rullino conico.
- Eventuali fuoriuscite di colla possono essere rimosse con una spugna umida pulita.
- Completare l'installazione rimuovendo le abbondanze di materiale con un cutter.

Each pattern can be printed on a non-woven base vinyl embossed "canvas" (cod. A), non-woven base embossed "sand" (cod. B) and on a flat non-woven base (cod. Q).

All the graphics can be adapted to the size of the walls.

The book pictures have been carefully calibrated to be as close as possible to the final product; however slight differences may result.

Limonta reserves the right to make changes to materials and finishings without prior notice, in order to improve the finished product.

### Hanging instructions

- The wall surface must be clean, dry and smooth. Remove wallpapers and colors, if any.
- In case of uneven surface, plaster and make it smooth before laying the product.
- Use a plumb line and a pencil to mark a vertical guide on wall, from ceiling to floor, for first length of paper.
- We recommend the use of our paste LWC POWDER MIX. Lay each paper straight on wall following the numerical order as indicated in the assembly instructions included in the packaging.
- Pay attention when matching the lengths; use a plastic spatula to remove air bubbles; finally, use a seam roller to rub the joints.
- Possible paste leaks can be removed using a clean, slightly wet sponge.
- Complete the installation by using a cutter to remove excess of materials.
